Dear Mother + Father Bro.
+ Sisters.

Received Elis letter today
and though I would
lose not time in writing
to her and all. It sounds good
to hear that all are well
and still living. as the same
happens with me. You say
from the looks of the pic-
tures I was not starving -
well; pictures always tell
true stories. Some of the
boys are getting so fat
their clothes are too small
for them. Smithy wrote
a few days ago from what
he says they do not

like the place. The water
 is bad also the location of
 his camp. Mama how
 are you feeling by this time?
 say how I can washclothes
 make beds etc. Our pay
 day was a few days ago
 you should get it soon.
 When it rains we usual
 ly stay in our tents and
 talk about different things
 to come + the past especially
 talk how nice it would
 be; to be home with 2 feet
 under the table - the table
 set with food ma cooks.
 How nice it would be to
 get up on Sunday morn.
