Hello Dan also Edith
How are you by this time? I have
your Easter card and think it is very
pretty by this I know you still remember
me Dan! It is pretty hard to put a
bullet in the scabbard when he is afraid
to come out where the fighting is going on
that shows what a coward he is.
I hope you are feeling good Dan, for
good is the way I feel at present.
Hmoro doubt you are in the head of the
class in your room by now, fellow if you
ain't you had better get there if you want
me to send you that present I intend to
get for you. Tell Edith hello for me Dan
you and her keep out of trouble and help
mama with the work. A fellow was climbing
out the bay in this loft the other day and
fell through the floor and lit on top of a
cow below, I am sitting close to the hole where
he fell through and feel like I am slipping

myself so
time.

Wm. L. Rogers

I will say Good Bye for this
time.
Good bye
Your Bro
George
