

LES FOYERS DU SOLDAT

UNION FRANCO-AMÉRICAIN

21. Oct - 1918

Hello Bob old
boy how you was
This is an awful
day here and I am
mud from head to
foot. got up this
morning at 3 30.
and hauled up some
ammunition to the

artillery boys. It
was pretty chilly
but I soon got warm
ed up. Am sitting
around the fire now
we have in front of
our gas tent. The
fellows who didn't
go out this morning
are doing the work in
camp. I just mailed
a German helmet
it may get home an

it may not. This
is the first chance I
had to send one.

This is a busy place.
Bob. Everybody you see
is a soldier no civil
here. The roads are busy

with guns trucks wagons
troops etc. The Germans
were here just a short
time ago but we have
driven them further back
now. Well Bob you

were a sick man just
a short time ago and
I was sure glad to hear
you got better, you want
to stay well for long when
I get back you and I and
Joe will have to go the
rounds again well how
about Don. He will have
to be on the job also.

How is everybody anyhow?
tell all the kids hello for
me. Be a good fellow.
and write again soon—

Your Bro

George
