UNION FRANCO-AMÉRICAIN

21 Oct 1918

Dear Sister Florence

Well Florence just wrote Bob a few lines and here I am bothering you again. I won't say how many letters I rec from you but I think they all got here some migger soldiers are going bye here a fellow just said I looked like one of them, he was kidding I guess, ha! If it

be true you wouldn't
care about my picture
would you? I know I am
still carrying your picture
also the other photos they
are sure good of you all.
This is a muddy place
we have been marching
on the roads, a great deal
lately and when the buck
picks in, they look like
mud. men, it could be
better but don't think it
could be worse. The 17th
of next month it will make
one year in France for me.
we will be wearing another
service chevron soon

I won't know you Florence
if I stay here much longer
Oh yes I will too, you
will look just like the
old original Florence Anders
on; I know. I wish you
were here to keep house
I and another fellow live
in a pup tent 6 ft x 6 ft.
you have to stoop to get
inside. we have some
boxes pulled around the
sides to make it higher.
Last night the Indians put
over a few (q. I can't (bombs)
close by. my partner got
up investigate the matter

I nearly froze. Well Florence
am glad you are in good
health, feeling good my
self. we had bacon, fried
potatoes, syrup, coffee + bread
for breakfast and roast beef
for dinner. I ate dinner and
breakfast about the same
time. Are you still work
ing hard to help mama?
How is Edith I.E.V. &? Well
Florence will say good bye
now. write soon and tell
me what is going on
your brother
